Potentate's Message

As we bask in the lingering warmth of summer, I hope this message finds you all in good spirits and enjoying this vibrant season.

Looking back on recent events fills me with joy and pride, especially as I had the distinct honor of representing Sudan at the installations of officers for two significant organizations: The Assembly of North Carolina Rainbow Girls and the North Carolina

DeMolay Conclave. It was truly inspiring to see our youth stepping into leadership roles. Congratulations to Carolina McMillian, our Grand Worthy Advisor, and Colby Lee, North Carolina State Master Counselor! These remarkable young leaders are a testament to the bright future we are nurturing within our fraternities and communities.

In July, Colleen and I were fortunate to attend the 152nd Imperial Session in Tampa, during which Sudan proudly hosted a reception for the North Carolina Shriners and their ladies. The evening was a tremendous success, marked by laughter, camaraderie, and a fantastic spread of food and spirits. A highlight of the week was the annual North Carolina Grand Master Dinner, honoring MW Steve Norris, our Grand Master. It was a fitting tribute to his unwavering dedication and leadership.

The Imperial Session proved to be highly productive, featuring some of the most significant legislative developments we've witnessed in recent years. I look forward to sharing more details as we continue to build on this momentum!

As we wrap up our presentations of 25- and 50-year service awards, I extend my heartfelt congratulations to all the recipients and a special acknowledgment to the Sudan Shriners. Your loyalty, generosity, and steadfast commitment to our fraternity are commendable and truly inspire us all.

Looking ahead, Colleen and I are excited to join you from Sept 17 to 20 at SASA in Myrtle Beach for a wonderful long weekend filled with sun, fun, and, most importantly, fellowship. This time together is a cherished opportunity to strengthen our bonds and create lasting memories.

Don't forget to mark your calendars for our upcoming One-Day Family Ceremony in Clinton, NC, on November 21st. This event will emphasize the importance of family

togetherness, and we eagerly await a day filled with joy, laughter, and community spirit.

Thank you for your continued commitment to our fraternity and for the incredible work you do in your communities. Together, let's embrace the spirit of togetherness as we move forward.

Fraternally yours,

Jeff Taylor

Recorders Message

4th Quarter 2026

Nobles & Ladies,

Hope all are well and healthy! This summer's heat wave has had a tremendous impact on a lot of people and activities.

On a positive note, we have had the honor of presenting a total (44) 50-Year Awards and (51) 25-Year Shriners International Service Awards, pins and certificates. Attending and presenting these special awards is a task that gives

our Divan a chance to thank our Sudan family for what they do and recognize everyone for their hard work for Shriners Children's.

Illustrious Sir appointed three special committees at our Spring Ceremonial: (1) Membership Enhancement, (2) Building Search Committee and (3) a Social Media Enhancement Committee to cope with and make recommendations for the long-term survival and success of our Sudan Shriners! Each committee has completed and presented some impressive ideas and thoughts with their recommendations. A survey from these committee's inputs has been completed and sent on Constant Contact to the membership who have email. The deadline for submission of the surveys was September 8!

We were blessed and honored to welcome 14 new nobles and welcome five new members as associates at our August 29th meeting in Wilson. There were 77 nobles in attendance. Our Wilson County Shrine Club were outstanding hosts for this ceremonial!

Everyone needs help to work our NPD membership issues of which we are publishing on a regular basis! The projected for losses for 2026 is over 170! Unfortunately, the Black Camel has already taken 54!

I mention this every year! Our parade units will be out in force for several events shortly! First, we plan to bring home the majority of SASA trophies, and then participate in as many Veterans Day parades as possible!

Our Fall Ceremonial for 2026 will be a Family - One-Day event in Clinton sponsored by the Sampson County Shrine Club. Check the flyer in this publication for the details and times.

As always in closing, keep our sick and distressed in your thoughts and prayers and lend that special Masonic help if you can. Best wishes to all for a Happy Thanksgiving and a big thanks to your dedication to this fraternity in support of

our mission - Shriners Children's hospitals. Jan and I pray for the blessings of the Supreme Architect of the Universe for all!

Yours in Faith,

George L. Raecher

"SHINING BRIGHT FOR HOPES & DREAMS"

What We Are Really About!

It is well known that the Hope Mills Shrine Club was full of excitement in hosting the Fayetteville Shrine Club's 2026 Shriners International Awards. which included long term membership and awards to those nobles who excelled raising funds in support of our Sudan Children's Fund! Noble Terry Adams and our Captain of the Guard, Mike Rivenbark had a great plan for the evening which included a presentation.

Mrs. Erica Cooper from Fayetteville, NC made a presentation about her daughter's medical care. "Our daughter, Tillie, was thirteen years old at the time of first appointment at Duke in 2023. She was diagnosed with a severe case of scoliosis. She had an "S" shape in her back and was fitted with a back brace.

My husband and I played in a Shriners Golf Tournament last year and met Terry Adams, who introduced us to the Shriners Children's. In January 2026, we obtained an appointment and went to the hospital in Greenville, SC. They x-rayed Tillie's hand and found all of her growth plates have closed and was told the brace was no longer needed. The curve in her back is holding steady! We will go back for a follow up in January 2027."

Throughout her presentation, Mrs. Cooper praised the physicians at our hospital and the entire staff for the care Tillie received. She said the treatments and care has changed Tillie life in a positive way! This true-life story definitely fortifies. **"What We Are Really About!"**

Pirates With a Purpose

As patients at Shriners Children's Greenville watched, two mighty "ships" pulled into the front parking lot. Then came the pirates — dozens of them in full kit, toy swords at their sides and smiles wide — spilling through the doors to take over the hospital for the day.

On that hot summer day, the pirates didn't march in a parade. They brought the celebration directly to the children.

What began as a joyful idea to bring together nobles for this special occasion turned into something more — a promise fulfilled, a tribute honored and a new tradition taking shape.

A dream born between brothers

Micheal Dodson of Sudan Shriners has been a noble since 2019. Ask him why he joined, and his answer is simple: to support the outstanding care at Shriners Children's.

But what brought him to Greenville, South Carolina, that August morning was something more personal.

Micheal first connected with fellow Shriner Logan Spencer in 2020 through a Shriners Facebook group. Both were members of pirate units — Micheal with the Sudan Pirates in New Bern, North Carolina, and Logan with the Alee Pirates in Savannah, Georgia — and quickly formed a bond.

"Five minutes around Logan and you were welcomed like family," Micheal recalls. "He loved his family, especially his two young kids. He had a heart for the greater good of people."

Together, they began talking about how their units could do more than parade. What if, instead of waving to crowds, they brought that same energy directly to the children they serve?

"We wanted to bring joy to the children and staff we parade for, but may never actually see," Micheal says. "And to remind ourselves why we are Shriners."

In the months that followed, the idea began to take shape. Plans were forming, and momentum was building.

Then, on February 13, 2024, the unthinkable happened. Logan was killed in a motorcycle accident. The idea they had shared was set aside.

But brotherhood has a way of carrying things forward.

HOW A FALLEN BROTHER'S DREAM BECAME A LIVING TRADITION

The pirates arrive

Fellow Sudan Pirate Joe Shope encouraged Micheal to revisit the plan. With Joe helping coordinate with Shriners Children's Greenville and Micheal reaching out to pirate units across the region, the vision began to take shape once more.

Six temples and pirate units answered the call: Sudan Pirates, Alee Pirates, Mystic Pirates of Kazim, Oasis Buccaneers, Omar Pirates and Hejaz Pirates.

Three dozen pirates arrived, bringing nearly \$4,000 in contributions and a full day of energy, laughter and connection.

At first, the hospital staff might not have been quite sure what to expect. But the kids needed no convincing. From the moment the first pirate walked through the door, they were all in.

One young patient even took the lead, guiding the pirates through the hospital as their official tour captain for the day.

For Micheal, one moment stood above the rest.

Logan's family was there — his parents and sisters, who live near Sudan Shriners in New Bern. His mother arrived dressed in pirate attire, honoring the spirit her son had shared.

"I watched her smile and enjoy being there, doing the same thing her son and I loved," Micheal says. "That smile was buried deep in a grieving mother's heart. Though he is no longer physically here, his presence is felt by many who knew and loved him."

A legacy that grows

The impact of the day extended beyond the hospital walls.

When Shriners Children's shared the visit on social media, the response was immediate. Interest in the fraternity grew, with potential members reaching out to learn more.

Logan and his mom, Patti, were all smiles at a pirates' ball in Tybee Island, Georgia.

“ It’s about bringing joy where it matters most — and ensuring the mission of Shriners Children’s continues to reach the children who need it most. ”

For Micheal, the connection is clear.

"Without Masons, we have no Shriners. Without Shriners, we have no hospitals," he says. "This is another way to help keep the organization going and growing."

The next pirate invasion is already planned for this September, with expectations for an even larger crew. A committee formed to ensure the event continues — and expands. Because in the end, this isn't just about pirates or parades. It's about bringing joy where it matters most — and ensuring the mission of Shriners Children's continues to reach the children who need it most.

What started as an idea between two friends has become something lasting.

MEET THE SHRINERS CHILDREN'S 2026-2027 INTERNATIONAL PATIENT AMBASSADORS

MEET MACIE AND COLTON

Every year, two patients are chosen to represent Shriners Children's as our International Patient Ambassadors, giving voice to the thousands of children and teens who receive life-changing care at Shriners Children's. They speak from experience, and their stories powerfully demonstrate the impact of our healthcare system.

These young role models show how Shriners Children's patients overcome challenges and pursue their dreams — while reflecting Shriners Children's unique spirit, nurturing atmosphere and clinical excellence.

MACIE

Macie, 15, is a high school sophomore and a talented softball pitcher from Tampa, Florida. She has played the sport since she was 7 and has long dreamed she'd play her way onto a college team. Softball isn't just an activity for her — it's her passion and greatest joy.

So, when Macie, then 10, was diagnosed with idiopathic scoliosis, a curvature of the spine, she

was worried. "When I first learned I had scoliosis, I was scared I wouldn't be able to play softball, or any sport, anymore," she remembers.

Doctors prescribed a nighttime brace, and Macie wore it faithfully, hoping it would keep her curve from progressing.

Despite being diligent about wearing her brace, Macie's curve worsened. A doctor recommended a surgical procedure that would limit her spinal mobility, making pitching difficult, if not impossible. But Macie and her mother had reservations.

Macie's mother, Michelle, a pediatric nurse, began searching for alternatives. That led her to Shriners Children's Philadelphia and spine surgeon Amer Samdani, M.D., who is a pioneer of vertebral body tethering (VBT). VBT uses a flexible, belt-like tether attached to individual vertebrae. As the child grows, the tether guides the spine into a straighter position — without sacrificing flexibility. The procedure is only

possible for children who are still growing, and Macie was an ideal candidate.

In October 2023, Macie and her mother drove 17 hours from home in Tampa to Philadelphia for the surgery.

Just two months later, she was back on the mound.

"My coach started me in our first tournament of the season," she says. "I threw that first pitch and I knew this had worked. I think I struck out the first batter."

A year after surgery, a follow-up X-ray confirmed the transformation.

"It was a completely different picture," Macie says. "It showed me that my spine had completely changed — and that I'd never have to deal with this again."

In 2025, Macie was invited to throw out a ceremonial first pitch at the Shriners Children's Clearwater Invitational. She even got to meet the University of Alabama softball team. It was a dream moment for the young athlete.

As a Shriners Children's International Patient Ambassador, Macie speaks with genuine gratitude about her experience.

"I want to give back as an International Patient Ambassador because I don't think anything could ever repay Shriners Children's for what they did for me," she says.

"The Shriners are the best example of caring, giving people. It's amazing to see people with that much passion for helping children."

MACIE

COLTON

Colton, 17, is a high school senior and multisport athlete with a competitor's heart. Told his prosthetic leg could limit his activities, Colton consistently proves otherwise.

When Colton's mom, Becky, was pregnant, the ultrasound showed that his legs were measuring different lengths and he had only four toes on his left foot. But it wasn't until Colton was born that they learned he had fibular

hemimelia — the absence of the smaller of the two bones in the lower leg — along with a shorter leg, bowed tibia, malformed ankle and missing toe.

His grandfather's cousin, a Shriner, knew of Shriners Children's expertise in orthopedic conditions and advised the family to seek care at Shriners Children's St. Louis.

"We walked through those hospital doors and you could literally feel the warmth, the love and the caring before we even talked to anybody," Becky recalls.

At Shriners Children's St. Louis, orthopedic surgeon Perry Schoenecker, M.D., outlined two possible treatment paths. One involved a series of limb-lengthening surgeries beginning around age 8 or 9, together with ankle reconstruction — a long process that can take 5 to 10 years. The other was amputation at the ankle and then fitting the baby for a prosthesis.

The family chose amputation and they have never regretted that decision. Colton had his first surgery when he was 1 and received his first prosthesis shortly after that. He is currently on his tenth prosthetic.

While his prosthetic makes him different from friends and classmates, Colton knows it also provides him opportunities. He is able to show that with diligence and a dream, anything is possible, no matter the hurdles. "I'm sticking out for a reason," he says.

An accomplished student-athlete, Colton has competed in wrestling, baseball, basketball and track and currently participates in football and golf for his high school. He plays both offensive and defensive line for his high school football team and played in two high school state golf tournaments. Colton has been a patient ambassador at the Kansas Shrine Bowl many times, even serving as a manager for the West team since 2024. His goal is to return to the field — this time as a player in 2027.

Colton lives in a small Kansas town surrounded by miles of wide open wheat fields. He loves the freedom of rural life, where everything he needs — school, the coffee shop, the golf course, the football field — is close and familiar. Whether raising and showing pigs as part of his youth agricultural project or tackling daily farm work alongside his grandpa, uncle and cousin, Colton is always up for the task.

Colton speaks about Shriners Children's with deep affection and loyalty and is grateful for the opportunity to help others as he was helped.

My favorite part of being an International Patient Ambassador is being able to share how special Shriners Children's is," he said. "They're not just doctors and nurses; they're part of your family."

WOMEN IMPACTING CARE 2026-2027

Women Impacting Care, chaired by Shriners International's First Lady, is a thoughtful group of women donors, supporters and advocates who come together to highlight the programs and services that make Shriners Children's so special. This year, under the leadership of First Lady Debbie Binder, the program *Unleashing Courage* focuses on the healing power of therapy and facility dogs and the comfort they bring to children and families throughout their healthcare journey.

Through trusted partnerships with organizations and volunteers who provide specially trained dogs, Shriners Children's helps create moments of calm, confidence and connection for patients facing medical treatments, procedures and hospital or clinic visits. Whether offering a reassuring presence before an appointment or bringing a smile during a difficult day, these remarkable animals help make healthcare experiences less intimidating and more positive for children and families.

COMFORT WITH A PURPOSE

At Shriners Children's, we know that exceptional healthcare is about more than medical treatment alone. It is also about how children and families feel while receiving care.

For many patients, therapy and facility dogs become trusted companions during their time at Shriners Children's. A wagging tail, a gentle nuzzle or simply the presence of a furry friend can help reduce anxiety, ease stress and provide encouragement when it is needed most.

"One of the things I love most about Shriners Children's is the way we address all of a child's needs, including psychological and social," said Lady Debbie. "Our patients receive world-class medical care, but they also receive compassion, encouragement and joy. Therapy

and facility dogs help create those special moments that can make a child feel brave, confident and supported."

These programs are made possible through partnerships with organizations that share our commitment to helping children thrive. Together, we create welcoming environments where patients can focus on all the possibilities that lie ahead.

WARM HEARTS AND COLD NOSES

The *Unleashing Courage* campaign celebrates the extraordinary role therapy and facility dogs play in helping children navigate medical challenges. Their impact can be seen in the smiles they inspire, the comfort they provide and the courage they help unlock in every child they meet.

"When a child sees a friendly face with floppy ears and a wagging tail, everything changes," Lady Debbie said. "What might have been a stressful day can become a brighter experience. These animals remind us that healing comes in many forms, and sometimes the smallest moments leave the biggest impression."

UNLEASHING COURAGE

Join us in supporting *Unleashing Courage* and the wrap-around care that helps make Shriners Children's such a special place for patients and families. Donors who would like to support Women Impacting Care may purchase symbolic Unleashing Courage products or make donations online.

Thank you for your compassion, generosity and support of Shriners Children's.

FUNDRAISING ACTIVITIES

It is natural to associate the fez with Shriners Hospitals for Children. Because of this, meticulous attention must be given to all fundraising activities, including circuses, to make certain that such activities comply with the law of the land and that a contributor is not led to believe that his money will be used for the Hospitals when all or a portion thereof will be used otherwise. The integrity of our charity and of our fraternity must remain above reproach.

Your specific attention is called to the following fraternal and charitable bylaws:

§335.3 USE OF NAME "SHRINERS HOSPITALS FOR

CHILDREN." The use of the name "Shriners Hospitals for Children" or reference to the Hospitals in connection with any fundraising activity by a temple or Noble without the written consent of the Imperial Potentate and the Chairman of the Board of Trustees of the Hospitals is prohibited.

§503.11 COMMERCIAL USE OF NAME

The use of the name "Shriners Hospitals for Children" or reference to the Hospitals in connection with any commercial product or business enterprise is prohibited unless the written consent of the Board of Directors and Trustees has been first obtained.

Now, therefore, IT IS HEREBY ORDERED:

1. Fundraising for Fraternal Purposes:

- (a) No Noble (in his capacity as a Shriner), club, unit, organization of Nobles or affiliated or appendant corporations shall engage in any fundraising activity without the express written consent of the potentate of the temple having jurisdiction thereof.
- (b) There can be no representation, express or implied, that the proceeds will be for the benefit of Shriners Hospitals for Children.
- (c) The temple potentate shall carefully examine all phases of the advertising, promotion and solicitation to determine that it complies with §335.3 and §503.11 of the fraternal and charitable bylaws and that there is no representation, expressed or implied, that would lead a reasonably prudent person to believe that the proceeds will be for the benefit of Shriners Hospitals for Children. If the potentate is in doubt, he must receive the opinion of the Imperial Potentate who, after consultation with the Director of Temple Accounting, shall make the final determination.
- (d) The temple potentate must approve the terms and provisions of any contract for a fundraising activity after receiving the advice of the temple attorney, and additionally, as may be required by the temple bylaws.
- (e) A copy of the temple potentate's written consent shall be mailed to the Executive Vice President, Shriners International. Further, such written material pertaining to the fundraising activity, as requested by the Executive Vice President, Shriners International shall be promptly mailed to him.

2. Fundraising for Charitable Purposes:

- (a) No Noble (in his capacity as a Shriner), club, unit, organization of Nobles or affiliated or appendant corporations shall engage in any charitable fundraising activity other than for Shriners Hospitals for Children. Permission therefore must be first obtained in writing from the temple potentate. The temple potentate must then obtain written permission from the Chairmen of the Boards of Directors and Trustees. This request for written permission shall be sent to the Executive Vice President, Shriners International, P.O. Box 31356, Tampa, FL 33631-3356. No charitable fundraising activity shall be held in the jurisdiction of another temple without the written permission of the Potentate of that temple.
- (1) A joint charitable fundraising activity with another 501(c)(3) charity may be authorized provided that a minimum of 50% of the net proceeds are for the benefit of Shriners Hospitals for Children, and the Chairmen of the Boards of Directors and Trustees determine, on a case by case basis, that it is in the best interest of Shriners Hospitals for Children and they grant their written permission for the activity.
- (2) A charitable fundraising activity conducted by a temple located outside of the U.S.A may be authorized for other charities, provided that the chairmen of the board of directors and trustees determine, on a case by case basis, that it is in the best interest of Shriners Hospitals for Children and they grant their written permission for the activity.

- (b) 100% of net proceeds (as defined in the Charitable Fundraising-Approval And Reporting provisions of the current General Order) from charitable fundraising must be given to Shriners Hospitals for Children except for such portion thereof as may be permitted to be retained for the temple Shrine Hospital Patient Transportation Fund, pursuant to the Special Purpose Funds provisions of the current General Order. Provided, however, if the chairmen of the boards of directors and trustees determine for good cause shown, that the law of the land requires that a portion of the net proceeds must be distributed locally, then they may, if they determine it to be in the best interest of Shriners Hospitals for Children, grant their written permission for such distribution.
 - (c) The temple shall report the result of each charitable fundraising activity within sixty days of the activity, pursuant to the Charitable Fundraising-Approval And Reporting provision of the current General Order.
 - (d) This section shall not apply to activities exempt under §335.4(b) of the bylaws of Shriners International.
 - (e) Each independent corporation or entity that receives the permission of the chairmen of the boards of directors and trustees to raise moneys for Shriners Hospitals for Children, and which does not have its financial statements reviewed pursuant to §334.6 & §337.8 of the bylaws of Shriners International, shall have its financial statements audited by a certified, chartered or licensed public accountant and shall submit such audit report to Shriners International within 120 days of the activity.
3. Statement of Purpose and Disclosure:
- (a) Every fundraising activity must contain factual information on its solicitation material, tickets, programs and documents, including all electronically transmitted materials, regarding the use of the proceeds.
Examples:
"Proceeds are for the benefit of (_____ Shriners) (_____ Shrine Club) activities."
"Proceeds are for the benefit of Shriners Hospitals for Children."
 - (b) Every fundraising activity which is not entirely for the benefit of Shriners Hospitals for Children shall prominently state on the solicitation material, tickets, programs, documents and electronically transmitted material that "payments are not deductible as charitable contributions."
 - (c) There must be compliance with the Revenue Act of 1987 provision of any existing general order by U.S. temples.
4. Compliance with Applicable Laws:
It is the responsibility of the temple potentate, after receiving the advice of the temple attorney, to determine that there is compliance with all applicable laws in its jurisdiction for the temple's fundraising activities.
5. Financial Records:
- (a) The temple shall maintain detailed financial records pertaining to all fundraising activities involving Nobles, clubs, units, organizations of Nobles and affiliated and appendant corporations. Details of all revenues and expenditures shall be maintained in such financial records.
 - (b) The temple must retain such detailed financial records for a period of seven (7) years.
 - (c) There must be compliance with *Financial Reporting on Charitable Funds and Activities* provision of the current general order.
6. Notification to Nobility:
A copy of the *Fundraising Activities* provisions of the current general order shall be printed in the temple publication at least once every calendar year. If there is no temple publication, then a copy shall be mailed to each Noble in the temple not later than the last day in March of each calendar year.
7. Discipline:
Any officer, Noble or temple which violates a provision of *Fundraising Activities* is subject to discipline pursuant to the bylaws of Shriners International.

THE “RED FEZ” MAGAZINE

The Sudan Shriners “Red Fez” magazine is a quarterly publication intended to keep the Nobility, their families and interested friends informed of upcoming events, announcements, and news from Sudan Shriners, clubs, and units.

With a renewed commitment to keep all members informed, the Potentate, Sudan Divan, and Sudan office personnel strive to provide timely information distributed through Website updates at www.sudanshriners.com in addition to this publication.

We welcome article and photo submissions from all Sudan members, clubs, and units with assurance that with space permitting and publishable photographs attached, you can expect to see your material published on either the Website or in the “Red Fez”. Submissions will be subject to rewrites or modification to insure journalistic accuracy, timeliness, and proper style.

With a rich rewarding history to relish and help compose, Sudan Shriners will continue to provide you, the individual member, club or unit, outlets to share with others, your experiences in your Shrine journey.

The results of your labors are evident in the number of children who have so much more than they might have had otherwise, through your support of the Shriners Hospitals for Children. Be proud that you wear the Red Fez of a Sudan Shriner!

Submit material for the “Red Fez” to Sudan Shriners, PO Box 12829, New Bern, NC 28561. Submit material for Sudan’s website to: sevans@sudanshriners.com. Office: 252-637-5197 Fax: 252-637-9935.
